Honorable Gilbert Gude
House of Representatives
Washington, D.C. 20515

Dear Mr. Gude:

I have received your letter of 7 August 1975 enclosing correspondence from [redacted] who applied for a position with the ACTION Agency.

As you may be aware there has been, since the Kennedy Administration, a Peace Corps policy that the Peace Corps and its successor organizations do not consider for employment, individuals who have been previously employed by intelligence agencies or in intelligence related work. It is not therefore an Agency regulation as such.

Sincerely,

[redacted]

George L. Cary,
Legislative Counsel
